4. What subject areas would you like to see as a part of the KYVL online resources?

#	Response
1	Kentucky history
2	Science and Social Studies resources are always beneficial.
3	For school and public librarians, it sure would be nice to have a subscription to OCLC Connexion which includes WebDewey and other cataloguing tools. Searchasaurus Ency of Animals - interesting info and good pictures Searchasaurus General Ency - too hard to read and doesn't retrieve most relevant results first, try entering 'soil' and see what you get Searchasaurus Primary - need the pictures from Ranger Rick and other mags included to rate as Excellent elementary Grolier NBK - wish it had more pictures but readability is great
4	more science and social studies
5	Arts and Humanities: Dance, Visual Arts, Music, and Drama
6	I think there needs to be hunting and fishing included in the sports part. I would like to see a section on artist and type of art worked explained.
7	Career for K-8 students World Cultures Science encyclopedia/database
8	More images for students to search and download. Our school blocks image searching in Google. We need the images for students producing brochures and PowerPoint presentations.
9	Please encourage the state to continue to fund the KYVL. We could never afford these resources and they are valuable.
10	We are currently purchasing United Streaming videos. I understand there is conversation between the state dept. and KET.. maybe a partnership with United Streaming. It would be free for every school in KY... I think it would be logical to find it through KYVL or at least a link from you site... Just a suggestion.
11	practicasl living arts and humanities
12	The children that I work with are not on the computer when I'm with them
13	BIOGRAPHICAL RESOURCES
14	More Arts and Humanities More Math related Possible math basic computation practice sites
15	Better biographies
16	I would like additional encyclopedias. I prefer World Book.
17	Science, Language Arts, Social Studies and Social Science
18	Materials are suffiecient at this time
19	health

1	The Wyoming State Virtual Library has an elementary database called elibrary elementary which is through Proquest I think. I tried to get a free trial to see what it was like, but their website only allows free trials to institutions and not individuals. It might be worth a look?
2	I always liked Electric Library very much.
3	SIRS Discover
4	Grolier's Lands and People and America the Beautiful
5	Not sure
6	Special needs students
